CONGRESS OFFER

Concert Hall Vatroslav Lisinski

Choose Lisinski and gain an invaluable experience

Multifunctional venue + building protected as cultural heritage + accessibility and good connection = successful event

The Lisinski Concert Hall due to its multifunctional space is an ideal venue for the organization of business, music and stage events. We are offering something that no one in Zagreb and in its neighbourhood can; great location and elegant environment where one can organize various events followed by performances of top-level musicians. Organizers often choose us as the ideal place for seminars, meetings and conferences due to the highly equipped halls, which are situated a walking distance from the old town, the good connections, the professional services we offer, but particularly for the luxurious environment. The symbols of the Hall are dozens of crystal hand-made chandeliers, popularly called Dandelions, which are under protection as cultural heritage. Besides the works of art, the building is famous for having been visited by numerous musicians, people from the cultural milieu, scientists, politicians and ambassadors.

Descriptions of the capacities of the Vatroslav Lisinski Concert Hall

The Hall employs 63 professionals who are willing to support even the most demanding projects. This impressive multimedia complex has: an Assembly Hall, stone floors, wide staircase, spacious lobbies with 8 meters high walls suitable for exhibitions with hanging rails included, a large foyer for gatherings, a Large Hall for the organisation of conferences with 1800 seats positioned on more levels, a Small Hall with 313 seats, subsidiary large rooms suitable for working groups, excellent technical, audio and visual capacities, large wardrobes situated on upper ground-floor, four salons suitable for meetings, a large multifunctional entrance-hall (exhibitive space of around 1888 m² horizontal space and around 300 m² vertical space), three snack-bars and a gallery. The Halls are acoustically isolated, with excellent lighting and sound systems, with air-conditioning and ventilation, with complete recording equipment, a control room, digital console, splitters, amplifiers, portable PA system and others. It is possible to organise radio and television broadcasts, shootings, and wireless simultaneous translations, moreover the Hall is one of the few that has seats with sockets and headphones for persons with hearing problems.

Our professional work has been recognized...
